## about me

Hey, I'm a Software Engineer from Brazil, born in '99. I'm a productivity addict and a self-taught learner. I'm also a volunteer in humanitarian aid and social services. Oh, and I occasionally give lectures!

## objective

I aim to actively participate in the software development life cycle and continually enhance my technical skills, with the goal of professional growth and delivering high-quality projects.

## tech skills

- HTML5
- CSS3
- JavaScript
- PHP
- MySQL
- Wordpress
- Webflow
- SCSS
- Git
- Vue.js
- TypeScript
- Laravel
- GraphQL
- Astro
- Vite
- Tailwind
- Vitest
- Clean Code
- Docker
- AWS
- Node
- SEO
- Kanban
- Figma
- Apollo
- Piñia
- Architectures

## soft skills

- Great communication
- Fast learner
- Teamwork
- Organized
- Adaptable

**Noteworthy:** I've been taking an oratory course since 2008 to develop my public speaking and communication skills.
